### Students and recent graduates from outermost regions and OCTs

Considering the constraints imposed by the remoteness from other Programme Countries and the economic level, students and recent graduates studying or having studied in higher education institutions located in outermost regions of EU Member States, and Overseas Countries and Territories (OCTs) associated to EU Member States will receive the following higher amounts for individual support:

From	To	Amount
Outermost regions and OCTs	Programme Countries and Partner Countries from regions 5 and 14.	700 EUR per month

The top-up amounts for students and recent graduates with fewer opportunities ~~and for traineeships~~ will not apply in this case. **The top-up amount for traineeships applies.**
