- a first pre-financing payment;
- one payment of the balance, on the basis of the request for payment of the balance referred to in Article I.4.4.

I.4.2 First pre-financing payment

The aim of the pre-financing is to provide the beneficiary with a float. The pre-financing remains the property of the NA until the payment of the balance.

If the NA requires a pre-financing guarantee: The first pre-financing payment is done when the NA receives financial guarantee that fulfils the following conditions:

(a) it is provided by a bank or an approved financial institution or, if requested by the beneficiary and accepted by the NA, by a third party;

(b) the guarantor stands as first-call guarantor and does not require the NA to first have recourse against the principal debtor (i.e. the beneficiary); and
(c) it explicitly remains in force until the pre-financing is cleared against payment of the balance by the NA. If the payment of the balance takes the form of a recovery, the financial guarantee must remain in force until three months after the debit note is notified to the beneficiary.

The NA must release the guarantee within the following month.

The NA must pay to the beneficiary within 30 days following the entry into force of the Agreement [or, if applicable: following the receipt of a financial guarantee of EUR [...] a first pre-financing payment of EUR [...] corresponding to 80% of the maximum grant amount specified in Article I.3.1.

This report must contain the information needed to justify the amount requested on the basis of unit contributions where the grant takes the form of the reimbursement of unit contributions or the eligible costs actually incurred in accordance with Annex III.

The final report is considered as the beneficiary’s request for payment of the balance of the grant.

The beneficiary must certify that the information provided in the request for payment of the balance is full, reliable and true. It must also certify that the costs incurred can be considered eligible in accordance with the Agreement and that the request for payment is substantiated by adequate supporting documents that can be produced in the context of the checks or audits described in Article II.27.

I.4.5 Payment of the balance

The payment of the balance reimburses or covers the remaining part of the eligible costs incurred by the beneficiary for the implementation of the project.

The NA determines the amount due as the balance by deducting the total amount of pre-financing already made from the final amount of the grant determined in accordance with Article II.25.

If the total amount of earlier payments is greater than the final amount of the grant determined in accordance with Article II.25, the payment of the balance takes the form of a recovery as provided for by Article II.26.

If the total amount of earlier payments is lower than the final amount of the grant determined in accordance with Article II.25, the NA must pay the balance within 60 calendar days from when it receives the documents referred to in Article I.4.4, except if Article II.24.1 or II.24.2 apply.
Payment is subject to the approval of the request for payment of the balance and of the accompanying documents. Their approval does not imply recognition of the compliance, authenticity, completeness or correctness of their content.

The amount to be paid may, however, be offset, without the beneficiary’s consent, against any other amount owed by the beneficiary to the NA, up to the maximum amount of the grant.

I.4.6 Notification of amounts due

The NA must send a formal notification to the beneficiary:

(a) informing it of the amount due; and

If the NA does not pay within the time limits for payment, the beneficiary is entitled to late-payment interest. The interest payable is determined according to the provisions laid down in the national law applicable to the Agreement or in the rules of the NA. In the absence of such provisions, the interest payable is determined according with the rate applied by the European Central Bank for its main refinancing operations in euros (‘the reference rate’), plus three and a half points. The reference rate is the rate in force on the first day of the month in which the time limit for payment expires, as published in the C series of the *Official Journal of the European Union*.

If the NA suspends the time limit for payment as provided for in Article II.24.2 or if it suspends an actual payments as provided for in Article II.24.1, these actions may not be considered as cases of late payment.

The NA does not consider payable interest when determining the final amount of grant within the meaning of Article II.25.
